

UPDATE 87
2 October 2026

Updates to Environmental Products and Carbon contracts

AFMA has published new versions of the:

- AFMA Environmental Products Addendum and Spot Contract
- AFMA ACCU Master Agreement and Forward Agreement

The Environmental Products contracts have been updated to include Renewable Energy Guarantee of Origin (REGO) certificates.

Additionally, the abandonment of scheme provisions for carbon products in both the AFMA Environmental Products Addendum, AFMA ACCU Master Agreement and Forward Agreement have been updated to adopt an accelerated delivery approach. These provisions have not changed for other environmental products.
